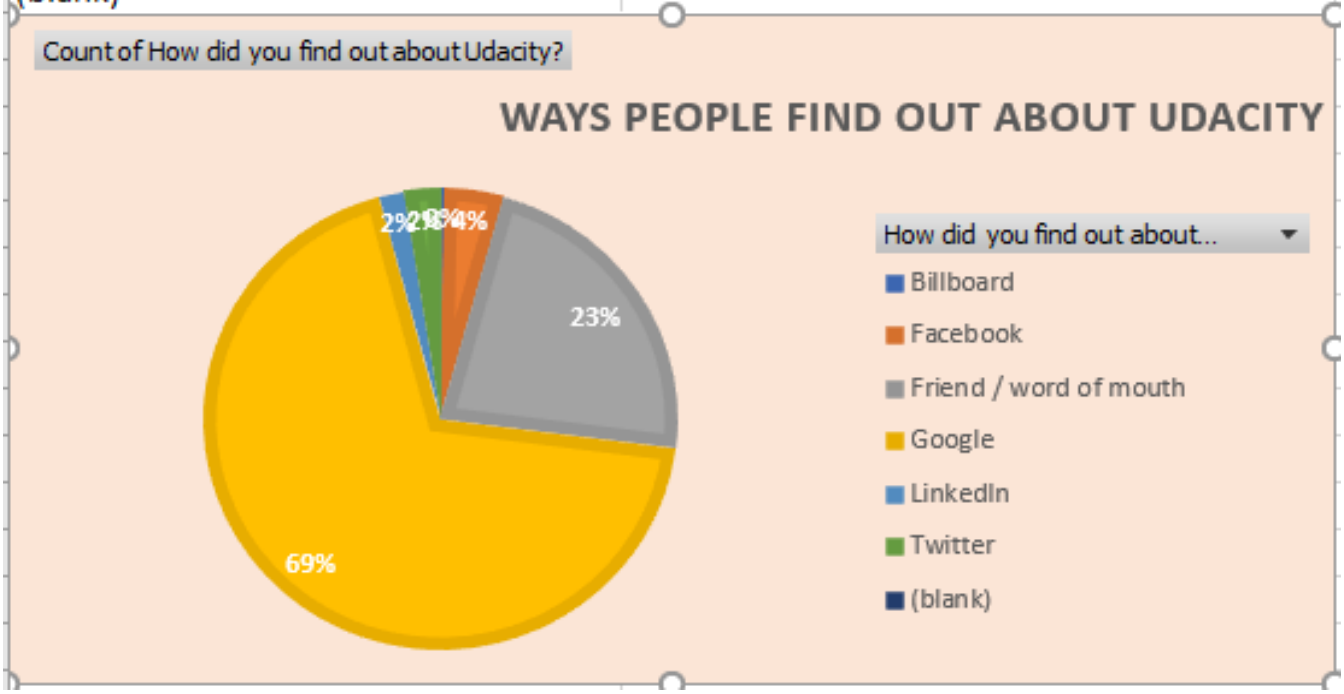
- What is the most common way people find out about Udacity?

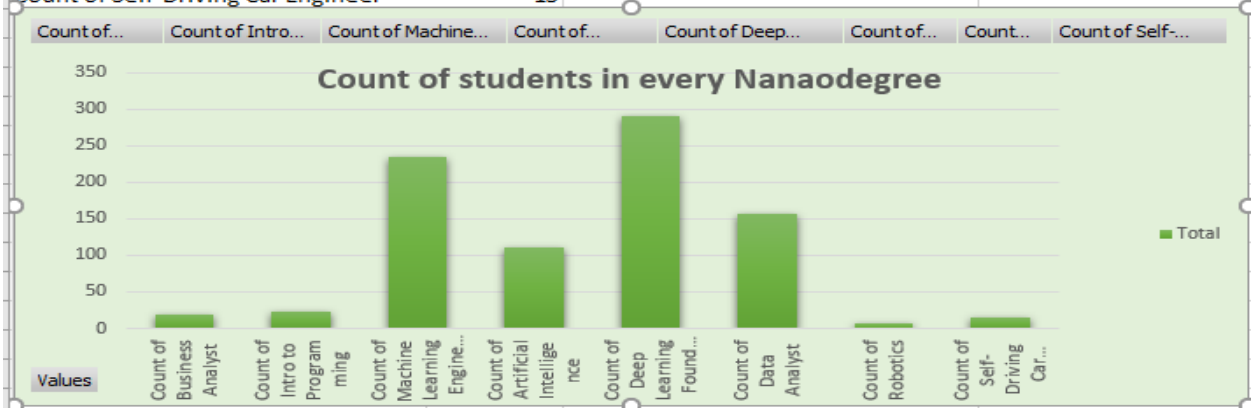
How did you find out about Udacity?	Count of How did you find out about Udacity?
Billboard	2
Facebook	26
Friend / word of mouth	147
Google	446
LinkedIn	11
Twitter	16
(blank)	



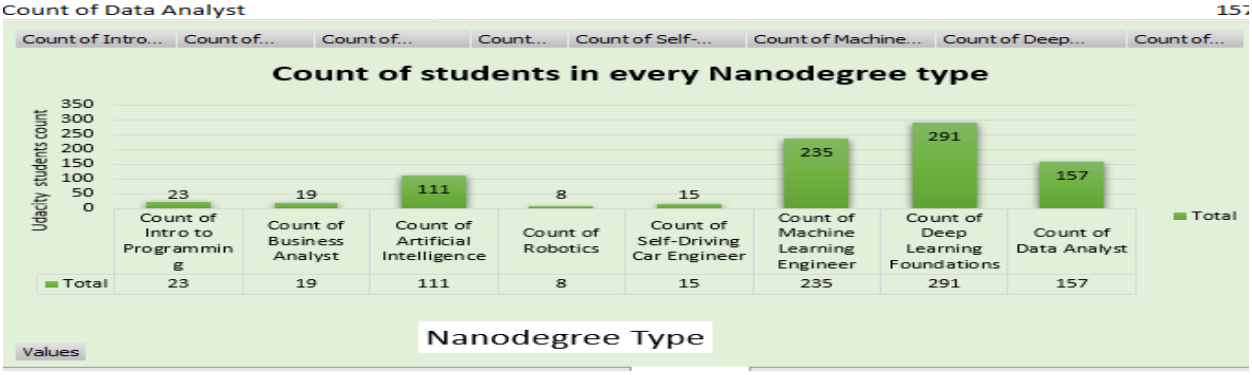
Here is the pie chart of percentage of every way people find out about Udacity from the chart I find that Google has 69% percentage so the most common way people found about Udacity through searching using Google engine.

- What is the most common Nanodegree program represented in the survey results?

Values	
Count of Business Analyst	19
Count of Intro to Programming	23
Count of Machine Learning Engineer	235
Count of Artificial Intelligence	111
Count of Deep Learning Foundations	291
Count of Data Analyst	157
Count of Robotics	8
Count of Self-Driving Car Engineer	15



Nanodgree type	
Count of Intro to Programming	23
Count of Business Analyst	19
Count of Artificial Intelligence	111
Count of Robotics	8
Count of Self-Driving Car Engineer	15
Count of Machine Learning Engineer	235
Count of Deep Learning Foundations	291
Count of Data Analyst	157



Here is the clustered chart for nanodegree type vs number of Udacity student291 students are enrolled in deep learning foundation nanodegree from 754 students.

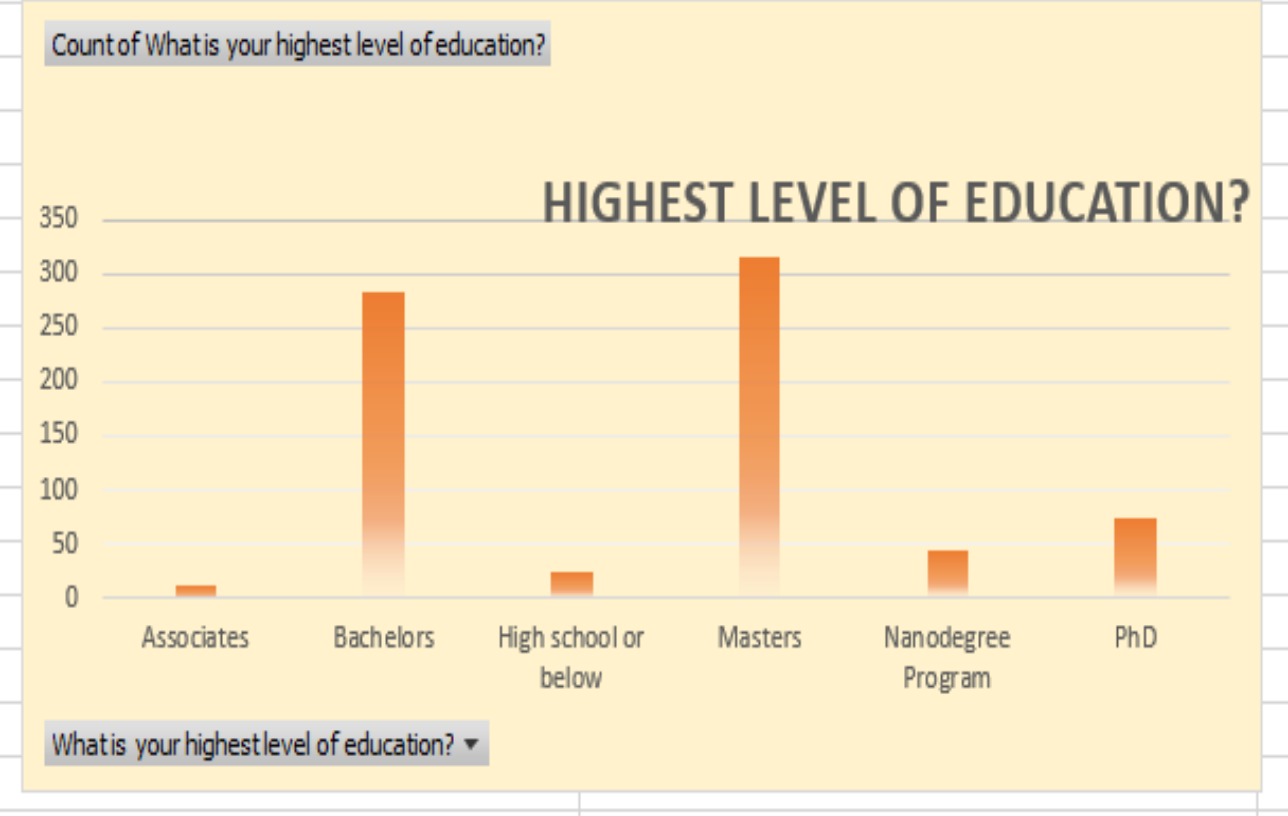
235 students are enrolled in machine learning engineer nanodegree from 754 students.

So, most students enrolled in deep learning foundation nanodegree and machine learning engineer nanodegree.

The most common Nanodegree program represented in the survey results was deep learning foundation nanodegree.

- What is the highest level of education for most students?

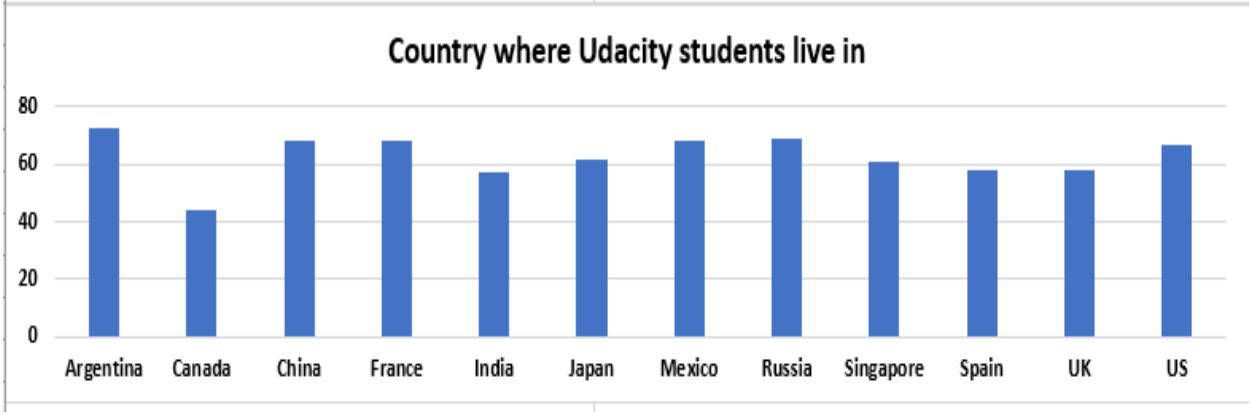
What is your highest level of education?	Count of What is your highest level of education?
Associates	12
Bachelors	283
High school or below	24
Masters	316
Nanodegree Program	45
PhD	73



Here is clustered chart of education level of Udacity student vs count of Udacity student, I find that master Degree and bachelor degree both have the highest score 316 students and 283 students, so most students have master degree then bachelor degree as highest level of education.

- What are the most common countries/cities where students live?

What city and state / province / country do you live in?	Count of What city and state / province / country do you live in?
Argentina	73
Canada	44
China	68
France	68
India	57
Japan	62
Mexico	68
Russia	69
Singapore	61
Spain	58
UK	58
US	67



Here is the clustered chart of country where Udacity student from vs count of Udacity students

I find that most of Udacity students from Argentina, Canada, China, France, India, Japan, Mexico, Russia, Singapore, Spain, UK and US.

So I choose the biggest score (Argentina) and make qualitive analysis for the Age of students from there.

What city and state / province / country do you live in?	Argentina
